DESCRIPTION

Lyon Béton and designer Bertrand Jayr have teamed up once more to bring you this sensuous, multi-use table. A hybrid of a coffee table and a gueridon, Strut features a two-tiered, two-medium tabletop that invites you to arrange your decorative items and other objets d'art like actors in a miniature theater. The pedestal's fluting brings added texture to the concrete. Let it catch the light and cast shadows.

DESIGNER

“Between art and design, there is only one step.”
According to Bertrand Jayr, there is a transversality linking these disciplines that are both distinct and related. It is precisely by transgressing its own limits that Art constantly redefines itself. This is how this artist and designer from Lyon considers these two practices simultaneously. An innovative and meaningful design, reconciling creativity and use.
