### - MOUNTING INSTRUCTIONS -

**NL:** Tip bij harde vloeren: Plaats viltglijders onder de poten. Dit voorkomt beschadiging aan harde vloeren.

**UK:** Tip for hard floors: Place felt glides under the legs. This prevents damage to hard floors.

**DE:** Tipp für harte Böden: Ort Filzgleiter unter den Beinen. Dies verhindert Schäden an harten Böden.

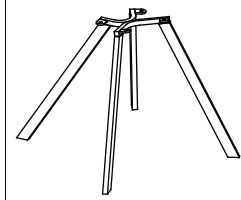

**FR:** Conseil pour les sols durs : Placez des patins en feutre sous les jambes. Cela évite d'endommager les sols durs.

### PUC LEATHERLOOK

#### Maintenance instructions

**EN** Generous leather look | Martindale 45,000  
Composition: 100% polyester | Smooth, soft grip

**Features:** PU leather has a generous, coarse look. The material is made of 100% polyester and has a very soft grip. Both the dark and light coloured fabric is very colourfast. During use, the appearance and structure of the fabric will show its natural characteristics more, this does not change the durability and quality.

**Maintenance:** Clean the fabric with a damp cloth. Stains? Use a neutral soap solution to remove the stain and briefly wipe with a damp cloth. The fabric can be gently massaged to remove more stubborn stains.

**Protection:** We generally do not recommend impregnating our upholstered furniture. However, should you wish to do so, please test the impregnation agent on an invisible area of the fabric beforehand. The fabric should not be treated with grease for leather. This will cause stains that will not be removed. Impregnation is strongly discouraged for our velvets and teddy fabrics.
