DESCRIPTION

This dispenser is the trusty sidekick of our classic Cloud toilet paper shelf. Holds one roll with room for a backup (or for your smartphone, if you prefer).

DESIGNER

“Between art and design, there is only one step.”
According to Bertrand Jayr, there is a transversality linking these disciplines that are both distinct and related. It is precisely by transgressing its own limits that Art constantly redefines itself. This is how this artist and designer from Lyon considers these two practices simultaneously. An innovative and meaningful design, reconciling creativity and use.
