● HAUTEVILLE ● LOW ARMCHAIR

DESCRIPTION

The concrete Hauteville Low Armchair designed by Henri Lavallard Boget for Lyon Béton, draws inspiration from iconic mid-century design with a modern twist. Constructed with a concrete shell and rebar legs, the concrete chair's composition brings to light the unique qualities of industrial materials and repurposes the unpolished, raw materials to create a minimal and contemporary chair.

DESIGNER
Henri Lavallard Boget & Julie Legros

SKU	DL-09194
PRODUCT SIZE	64 × 58 × 65 cm 25 3/16" × 22 13/16" × 25 9/16"
WEIGHT	19 kg / 41.89 lbs
